

Buy Reason 9 and get Reason 9.5 with VST plugin support for free on May 29

Buy Reason 9 today and receive the Reason 9.5 update for free. Reason's legendary workflow opens up new and creative ways to use VST plugins. Drag and drop from the browser, use CV and audio connections with your plugins, play in new ways with Players, put them in Combinators with Reason's own devices or Rack Extensions.

Reason 9.5 will be released on May 29 and any owner of Reason 9 will receive the new version for free through Reason's auto update.

Thanks!
